Déjà-vu Collection

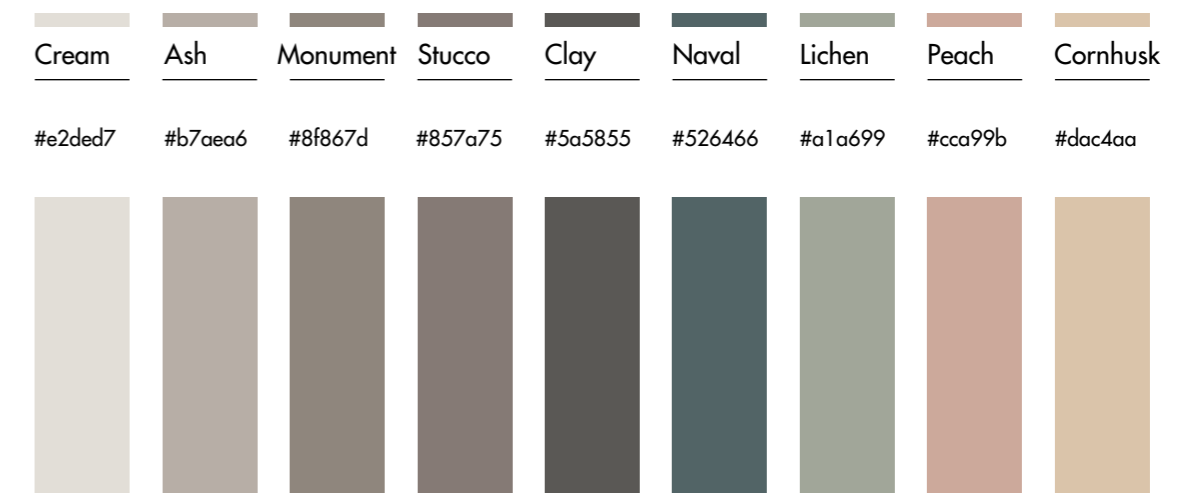

IT/ La collezione trae ispirazione dal Marocco e dalla sua ricca storia di patterns. Il concetto di design comune è la stratificazione di patterns e metapatterns. Ogni piastrella presenta una variazione cromatica che mette in evidenza "l'imperfezione dell'artigianalità" che richiama al processo in cui sono prodotte le cementine idrauliche. La collezione è adatta per applicazioni commerciali e residenziali sia a parete che a pavimento.

ENG/ The collection draws inspiration from Morocco and its rich history of patterns. The common design concept behind all of them is the layering of patterns and meta patterns. Each tile has a chromatic variation that highlights "the imperfection of craftsmanship" which refers to the process in which the water-based cement is produced. They are suited for commercial and residential applications both for wall and floor.

COLLECTION COLOR PALETTE

IT/ Sette solid colors si combinano con pattern declinati in due colourways: neutra e colorata, per creare una collezione versatile che offre alle persone una vasta gamma di scelte per costruire il proprio progetto.

ENG/ Seven solid colors combine with patterns declined in two colourways: neutral and colorful, to create a versatile collection that offers people a wide range of choices to build their own project.
